Ref: (a) DOD Directive 1300.15
(b) OPNAVINST 1770.1
(c) NAVPERS 15555D (Navy Military Funerals)
(d) Guide to the Rendition of Honors at Navy Funerals
(e) BUPERSINST 1770.1

Encl: (1) Funeral Honors Support Program (FHSP) Sub-Area Coordinators and Areas of Responsibility
(2) FHS Program Information Report
(3) Funeral Honors Data Collection Format

1. **Purpose**. To prescribe procedures and assign responsibilities for implementing the FHSP within Commander, Navy Region Southeast (CNRSE) Area of Responsibility (AOR) per references (a) through (f).

2. **Cancellation**. CNRSEINST 1770.1B. This instruction has been completely revised and should be read in its entirety.

3. **Background**. Funeral Honors is the ceremonial paying of respect and the final demonstration of the country's gratitude to those in times of war and peace who faithfully defended the nation. The ceremony consists of, at a minimum, the folding and presentation of the American Flag and the sounding of taps by a detail of two uniformed members of the Armed Forces, one, which must be from the Navy. A military bugler is preferred; however, in the absence of a military bugler a mechanical bugle shall be used within manpower constraints. As a last resort, taps may be performed by means of a professional quality recording.

4. **Policy**. The Navy's FHSP recognizes and commemorates the honorable service of deceased naval and former naval personnel. The practice of rendering Funeral Honors is considered by our nation to be a solemn and sacred obligation and has been declared a total force mission. Commanders at all levels shall respond to requests for military honors with priority, sensitivity and in the spirit to honor one of our own.

5. **Scope**

a. Per references (b) and (c), CNRSE is the FHSP Manager for the Southeast Region. The Southeast Region consists of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, Guantanamo Bay, Cuba, Puerto Rico, the Virgin Islands and parts of Arkansas and Indiana by Memorandum of Agreement.

b. While CNRSE retains responsibility for implementation of the FHSP within the Southeast Region, sub-area coordinators have been established and assigned an AOR listed in enclosure (1). Sub-area coordinators will:

(1) Ensure that the program is effectively managed and executed, including the tasking of local or tenant commands to provide manpower in support of Funeral Honors.

(2) Coordinate the Funeral Honors detail requirements and provide Funeral Honors as tasked by the CNRSE.

(3) Maintain accurate, up-to-date files on all funerals conducted and ensure all required reports are maintained. Required reports are addressed in paragraph 9.

6. **Procedures**

a. Requesting Funeral Honors

(1) Active duty. Per reference (e), requests for Navy Military Funeral Honors for a deceased active duty Sailor is the responsibility of the Casualty Assistance Calls Officer (CACO) assigned to the Primary Next of Kin (NOK) and is coordinated through CNRSE.

(2) Veterans. Funeral Honors will be provided upon request from the NOK, Funeral Director or authorized representative of the NOK to Retired, Fleet Reserve Navy veterans and Merchant Marine and U.S. Coast Guard veterans who served during World War II. Requests for Funeral Honors without the NOK's consent will not be carried out.

b. Funeral Honors eligibility

(1) Active duty or Medal of Honor recipients: Members who die while on active duty or who have been awarded the Medal of Honor shall be provided a detail consisting of six casket bearers, a seven person firing detail, an Officer in Charge (OIC), or a Petty Officer in Charge (POIC) and a military bugler to play taps. In the absence of a military bugler, a mechanical bugle shall be used. A Chaplain shall also be furnished when requested by the NOK, if available.

(2) Retired: For members of the naval Fleet Reserve or retired members (with or without pay), a detail of the same composition as that provided for active duty members should be provided if available. The Funeral Honors ceremony shall, at a minimum, consist of a ceremony that includes the folding and presentation of the American Flag and the playing of taps. At least two Navy representatives in addition to a person playing taps utilizing a mechanical bugle will be provided. As a last resort, a professional quality recording of taps may be used.

(3) Veterans: For veterans who meet the criteria as set forth in the definitions section of reference (c), a detail of two Navy representatives shall be provided, in addition to a person playing taps utilizing a mechanical bugle. As a last resort, a professional quality recording of taps may be used. Those representatives will attend the funeral, fold and present the Flag to the NOK, and play taps.

(4) The Navy shall deny Funeral Honors under the following circumstances:

(a) Discharged Navy veterans released from naval service under conditions Other than Honorable.

(b) Funeral Honors support of any kind shall be withheld for any individuals convicted of a capital offense under Federal or State law for which the person was sentenced to death or life imprisonment without parole.

c. Funeral Honors tasking. Sub-area coordinators are required to provide Funeral Honors as directed by CNRSE. Funeral Honors will be assigned considering the following: the honors rated by the veteran, the command's ability to provide requested honors, the command which can travel quickest to the cemetery or the command which is closest to the cemetery and equability in the distribution of Funeral Honors.

(1) Method of assignment is by CNRSE FHS coordinator faxing or e-mailing request for Funeral Honors worksheet to the appropriate sub-area coordinator. Sub-area coordinators will fax or e-mail confirmation of receipt back to CNRSE within one hour. After one hour, if confirmation of receipt has not been received, the CNRSE FHS coordinator will attempt to reach the sub-area coordinator to check status. If the sub-area coordinator is not available, the CNRSE FHS coordinator will contact the Command Duty Officer, Officer of the Day or the Staff Duty Officer and instruct him/her to notify the sub-area coordinator to confirm receipt. If the receipt is not received within the next hour, the CNRSE FHS coordinator will contact the Commanding Officer/Executive Officer as necessary.

(2) FHS sub-area coordinators shall call the funeral home immediately to confirm the team's participation, verify directions, show time and date. The team will arrive at cemetery 30 minutes prior to scheduled service.

(3) Commands must ensure their FHS recall bills are updated. It is important that command personnel are available and can be reached on short notice.

(4) Chaplain assignment is the responsibility of the sub-area coordinator. Name of chaplain will be provided to the CNRSE FHS coordinator by the sub-area coordinator.
